Power *of* Advertising

¶The CITY DIRECTORY is the "power" that generates information for the buyer that he may know who deals in the products he is most interested in and wishes to purchase.

¶If YOUR business is not classified properly, with a display advertisement arranged to describe your particular line of business, how can "you" expect the buyer to trade with you, only by chance and a buyer seldom takes chances.

¶ADVERTISING is the foundation upon which all successful business are built. To be successful YOU must apply this to "your" own particular business.

¶ADVERTISING is the multiplication table pure and simple, when applied to any business, it is an "idea" multiplied.

PREFACE

It is with pleasure that we herewith present the twenty-first edition of the Asheville, N. C. Directory, to the public feeling confident its true value will be appreciated by its patrons as the work has the advantage of the experience of all these years.

The City Directory is more than a list of residents with their occupations and addresses. It is a complete, accurate guide to the city, its people, institutions, organizations, etc., and becomes a permanent history of the people.

The Directory has passed through a regular period of evolution since its publication in Asheville; from a small pamphlet of a few pages it has become a well-printed volume of several hundred pages, and the difference in the size of the Directory clearly shows the growth of the City from year to year. The highest degree of efficiency has been attained in the publication of the Asheville Directory. It is officially recognized by city, county, state and National Government and legislation and rulings.

The Post Office Department at Washington has instructed all Postmasters to turn over all letters and packages incorrectly addressed to the Directory Department in the Post Office and there the address given in the latest issue of the city directory is placed upon them.

The Directory is a semi-public institution in which all people are interested:

First—Because there is a complete list of adult persons, the name, the business, the business location and the dwelling place, also the name of corporations and partnerships, giving name of corporate officials as well as members of firms.

Second—Because names of all householders are grouped by streets, each street being arranged in alphabetical order with the number of each house listed in numerical order. This grouping of people in streets and localities is of infinite value to the public, especially to the merchants.

Third—Because the classified portion of the Directory contains an alphabetical list of all articles made, bought or sold in Asheville. It is virtually a city catalog, for here you can find where to buy or sell most anything you want. It is like going to the market place, for everything is in view at a glance. It is the greatest buyer's guide in the world.

Fourth—Because the Miscellaneous Department tells much about the government of the city, county and state, as well as giving information regarding clubs, fraternal societies, etc.

The Directory is a useful and valuable utility, absolutely necessary to the commercial, professional, social, political, educational and religious progress of the day.

POPULATION

The Directory statistics are relied upon as being accurate and dependable; these generally exceed the federal census for the reason that the Directory publisher as a rule does not confine himself to the corporate lines of the city, but covers the adjacent territory, suburban population generally figures in most directories as it does in the Asheville Directory, while U. S. 1920 Census figures for Asheville, is a little less than 29,000. Asheville, as a City (including suburbs) can well claim 40,000 souls.

Thanking our patrons for their loyal support and co-operation, we are

Yours very truly,

COMMERCIAL SERVICE COMPANY,

ERNEST H. MILLER, Pres.

Twenty-three of these peaks are higher than Mt. Washington. Sixty-four peaks within this radius are 6,000 feet and up. Over $2,000,000.00 has been expended on 164 miles paved concrete and asphalt-macadam highways and bridges in Buncombe county during the past two years.

In Case of Fire "Call Fire Department."

1 Locate the fire alarm box nearest your home
2 Stay near the box when pulled for fire to direct the firemen
3 In case of fire, call Fire Department. Speak distinctly when calling the Department by phone. Give the exact location of the fire. Don't say "Come to my house quick."
4 Keep on the sidewalk when apparatus is going to a fire
5 Give the right-of-way to the Fire Department when it is responding to an alarm
6 Realize that the Fire Department is ready at all times to respond to fires within thirty seconds after an alarm is sent in. That delay in sending in an alarm is responsible for nearly every large fire that occurs. With snow on the ground and a two-mile run up hill, the Department must be notified quickly to be of any service. The most efficient service is rendered if the Department arrives within three minutes after the fire breaks out.
7 Own a fire extinguisher if possible
8 Have two six-quart pails always handy
9 Give the firemen credit when they deserve it
10 Look for exits in theatres, halls and public buildings

CITIZEN WANT ADS

BRING RESULTS

READ BY 60,000 PEOPLE

How many people do YOU number among your friends and acquaintances?

How many could you reach in a hurry—by mail, phone or personal call?

The number is insignificant—PRACTICALLY NOTHING—when compared with the thousands who live here.

Yet there is a way of getting in touch with men and women you never saw—whose NAMES, OCCUPATIONS, RESIDENCE, NEEDS you know absolutely nothing about.

It is through CITIZEN WANT ADS. A few lines under the different classifications on the want pages, such as "Help Wanted," "For Sale," "Lost and Found," etc., reach just the people you want to reach. This is demonstrated day after day to all who use Citizen want ads.

Every day we hear of someone who used a CITIZEN WANT AD and received far more results than they had expected.

"USE THEM—THE COST IS SMALL"
